

FÁBRICA NACIONAL
DE MEDICAMENTOS SA

We care.

People of Mozambique are at
the heart of what we do

Our Mission

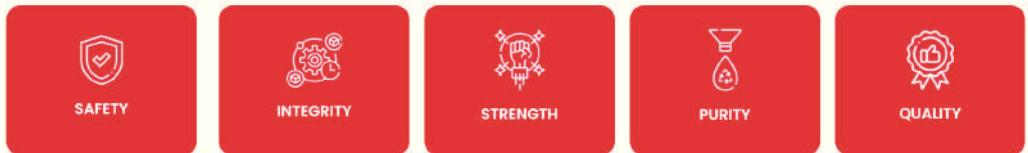

Our mission is to ensure that formulations manufactured at our facilities are consistently produced of quality standards appropriate to their intended use as outlined by the WHO Good Manufacturing Practices to ensure the Safety, Integrity, Strength, Purity and Quality of the products

Our Vision

To be a leading regional African Pharmaceutical Company and profitable provider of high-quality pharmaceutical products and solutions that creates strategic value for our customers and partners and provides a rewarding workplace for our employees.

We provide comprehensive and fully integrated contract manufacturing and development solutions to our customers, from early development to high-volume commercial manufacturing and packaging.

Our 5 Point Product Philosophy

Established in 2013, FNM works with a number of products, government agencies, investors and vendors. Our product portfolio currently has a total of 43 products whose manufacturing is completed through validation.

Products

FNM has gained trust & confidence through highest quality standards.

Strategic Partnerships

- Breaking boundaries to bring the best for people of Mozambique.
- Building relationships of trust.
- Synergistically collaborate with globally reputed brands.
- The company holds a strategic partnership with reputed brands like Viatris and Sociedade Moçambicana de Medicamentos, SA (SMM)

Technology Transfer from Viatris for crucial and cutting-edge antiretroviral treatments for Mozambique and the region

FNM partnered with SMM to revitalise their manufacturing infrastructure through a joint venture company Infarma to manufacture OSDs and Parentels in Mozambique.
